PROFESSIONAL SUMMARY	Analytical and highly detail-oriented Quality Assurance and Data Verification Specialist with over 15 years of experience in complex corporate environments. Native Russian and Ukrainian speaker with a strong background in compliance, logic verification, and auditing. Passionate about AI technologies with practical experience using LLMs (ChatGPT, Claude, Gemini) for prompt testing and output evaluation. Proven ability to identify logical errors, assess data accuracy, and evaluate content based on strict criteria. Eager to apply analytical reasoning to RLHF (Reinforcement Learning from Human Feedback) and AI personalization training.
CORE COMPETENCIES	• **AI Training & Evaluation:** RLHF concepts, Prompt Evaluation, Hallucination Audits, Data Annotation. • **Quality Assurance:** Data Verification, Compliance Control, Logical Reasoning, High Attention to Detail. • **Technical Tools:** Proficient LLM user (prompt engineering, output assessment), MS Office (Advanced Excel), CRM systems.
LANGUAGES	• **Russian & Ukrainian:** Native / Bilingual (Target languages for AI evaluation) • **English:** Reading technical documentation, excellent AI-assisted written communication.
PROFESSIONAL EXPERIENCE	**PrivatBank (Ukraine)** — *2006 – 2025* **Monitoring, Compliance & Data Specialist** • **Quality Assurance & Auditing:** Verified extensive volumes of corporate and operational data, identifying factual errors, logical discrepancies, and anomalies in complex documentation.

	• **Compliance Verification:** Evaluated complex operational cases to ensure strict compliance with internal policies, corporate standards, and regulatory scripts. • **Analytical Reasoning & Accuracy:** Maintained high concentration during repetitive analytical tasks, ensuring a 99.9% accuracy rate in risk assessment and data control. • **AI Integration & Logic Implementation:** Translated complex business logic into structured rules. Actively used AI assistants (Gemini, Claude) for optimizing daily workflows, structuring data, testing prompts, and reviewing AI-generated outputs for accuracy and relevance.
EDUCATION	**Master's Degree in Finance and Credit** Dnipropetrovsk State Financial Academy, Ukraine — Graduated 2012
